September 20, 2019

To the residents of Franklin Knolls:

We have 3 fire hydrants in the neighborhood that need to be replaced.

****This will require the water system to be shut down in the areas of the repairs. ****

We have included a map that shows where the replacement hydrants are needed and the possible affected homes. A list of streets/addresses is also shown below. These are the homes that we believe will be affected by the repair.

The blog posts on our website will be the main communication tool for updates regarding this repair. We highly recommend that everyone signs up for the blog. Instructions on how to do that are included at the end of this letter.

Again, the affected address that we believe will have their water shut off are shown on the map (Red circles). A link to this map will also be available online (see blog post).

****CHECK THE BLOG POSTS FOR THE FINAL LIST OF HOMES****

****THERE WILL BE A BOIL WATER ADVISORY ISSUED FOR THESE HOMES ****

****THIS BOIL WATER ADVISORY WILL ALSO BE DELIVERED TO EACH HOME****

How to sign up for the Franklin Knolls Blog email list

You can get an email sent to you automatically whenever a new blog is posted by either:

- 1) Going to the website and clicking on the “Follow” button on that page (look at the bottom or top of the browser window for the button).
- 2) Sending us an email and asking us to send you an invite.

Once you do one of those methods you will receive an email from Wordpress asking you to verify that you want to sign up for the Franklin Knolls blog. Just acknowledge that you do in that email and you will be all set. An email will be sent to you anytime a new blog is posted.

90

Thank you for your understanding in this matter
